

Money & Mythic Imagination

Workshop offered on November 8, 2009 for the three-part weekend engagement that includes the award-winning *Mythic Journeys* film screening, benefit reception, and community forum.

Workshop Facilitator

Dianne Juhl, Founder & CEO - The Feminine Face of Money®

Workshop Description:

America's economic earthquake and its aftershocks still reverberate in us and around us. Can we use these challenging economic times as a springboard for transformation? Bring your imagination to engage with a well-known, ancient story about women, the men who love us, and the marketplace. We'll be informed by seeing our humanity and creativity reflected back to us here. We'll also explore re-visioning money stories with our awakened mythic imagination. There's wisdom in this story and in us waiting to be discovered.

Facilitator Biography & Company Information

Dianne Juhl is the founder/CEO of The Feminine Face of Money®, and a PhD candidate in depth psychology at Pacifica Graduate Institute. As a practicing consultant, she advises women dealing with their money emotions, bringing experience and wisdom gained through extensive training and her own personal money journey.

The Feminine Face of Money (FFOM®), headquartered on Bainbridge Island, offers practical tools and skills for women to dissolve emotional roadblocks and attain their life's dream or to thrive amidst life's transitions. FFOM takes a unique holistic approach integrating "mind, spirit, body and the feminine" to develop new relationships with money. Flexible programs include private consultations, interactive roundtables, and in-depth weekend seminars.
